

Product Information Sheet

J-HOOK CEILING CABLE BRACKET

Designed to support heavy cable runs, such as multiple PBX cable, IBM® cabling, etc. Easily routes cabling wherever ceiling support of heavy cable is required. Can also be suspended from threaded drop rods.

- Material is 1/8" x 1" steel strap with edges rolled to prevent damage to cable and wire insulation
- Color: gray
(Contact CPI for other colors)
- Installation hardware not included
