NARROW VERTICAL CABLE MANAGER

The manger includes two vertical mounting brackets, eight cable rings, one control radius and one hardware kit. Mounting brackets can be attached to the horizontal mounting rail in three orientations, increasing flexibility for on-site customization. Installation is made easy by mounting ot pre-installed nuts or bolts in the horizontal mounting rails. U-shaped cable rings can be detached from or added to, the vertical mounting bracket in order to accommodate your cable mounting needs.

The cable manager comes pre-assembled with eight rings equally spaced over the section. CPI also offers accessory kits to complement the cable manager. The Saf-T-Grip Open Loop Series is also available to ensure a tangle-free installation.

- Mounting brackets can be attached in three positions, increasing flexibility in cable mounting
- 1/45"W x 4.13"D x 1.40"H plastic U-ring design allows cables to be added easily without conflict
- Rings snap-on, making new configurations a simple process
- Control radius helps maintain a proper bend radius in cables, eliminating the risk if data distortion or data loss
- Designed for use in SlimFrame
- Not intended for use in 66 Sereis Cabinets

Part Number	Description	Cabinet Height	Shipping Weight
11809-X00	1.75"W x 4.13"D x 34.70"H	84"H	4.5 lb
